Kalamazoo, MI 49001

Laboratory No: 0008

Dear Aaron Hoogenboom:

SUBJECT: Laboratory Certification Extension

In accordance with Gov. Gretchen Whitmer and the Michigan Department of Health and Human Services' recommendations designed to help prevent the spread of Coronavirus Disease 2019 (COVID-19), the original inspection date of many laboratories was postponed. The re-scheduling of these inspections has delayed the original timeframe for your laboratory's inspection. The state is taking proactive steps to mitigate the spread of COVID-19 in Michigan. We appreciate your understanding and cooperation in reducing the risk coronavirus to Michigan residents. For current and up-to-date information regarding the Coronavirus visit [Michigan.gov/Coronavirus](http://Michigan.gov/Coronavirus) or [CDC.gov/Coronavirus](http://CDC.gov/Coronavirus).

The expiration date for the certification issued to the Kalamazoo County HCS Laboratory on May 12, 2021, has been extended to allow for the completion of the re-certification process. Our certification for the examination of drinking water is contingent on your continued compliance with state and federal regulations. Additionally, your certification is contingent on the submission of acceptable proficiency test sample results from a state-approved supplier on a running 12-month basis.

**This administrative extension to your current certification expires on April 1, 2024.**

The certification period will be extended to cover the next 3-year certification period when your laboratory has successfully completed the re-certification process.

If you have questions regarding this information, please contact me by phone at 517-930-7040 or by email at [lundyg@michigan.gov](mailto:lundyg@michigan.gov).

Sincerely,

Gregg A. Lundy  
Laboratory Certification Officer  
Laboratory Services Section  
Remediation and Redevelopment Division
